To med. 15-96-1

The Secretary to Government
Genl and Revenue Departments
Bangalore.

Sir,

I have the honor to forward herewith for your information and Consideration an application from Mr. Sreenivasa Row for an appointment in the Mysore Medical Service.

2. From the testimonials enclosed, you will see that Mr. M. Sreenivasa Row possesses very high attainments and qualifications, being an M. A. of the Madras University as well as an M. B and C. M. of the University of Edinburgh, and in addition to the above he possesses the B. Sc of that Academy.

3. He possesses Special qualifications in Chemistry and has undergone a Course of Practical Elementary Bacteriology a branch of science which in the present day is one of Vital importance in all Matters Connected with the health of Communities. From what I have seen of him I quite Concur

in

in the remark I made by Sir William Turner where he says "Mr S. Row is a bright intelligent man of good ability and apt to acquire knowledge" and I have every confidence in recommending to the Government that he be taken on in the Medical Department, and I would suggest taking into Consideration his present qualifications in Science that he be placed in the same grade as Mr S.V. Ramasamy Iyengar on a fixed salary of Rs 200/- per mensem.

4. The duties I would assign to him would be those of Chemical Examiner and Bacteriologist to the Mysore Government (with head quarters at Bangalore) and he would then hold a somewhat similar position to that of Mr Hankin of Agra.

5. I hope in the Course of a few days to address Government on the subject of increasing the present Vaccine Depôt, as I have every reason to believe, that the Madras Government are not only willing but anxious to purchase all their Vaccine paste from the Mysore Government, which would necessitate a very large increase to the present Establishment, and it would be necessary that the lymph sent out should be bacteriologically examined & Mr Srinivasa Rao would be available for this work and with so many Calves at his disposal he would have ample opportunities of extending his studies in Serum Therapeutics and the Manufacture of Antitoxins &c

which

(which substances at present have to be obtained from England at a very considerable cost)

6. The Climate of Bangalore is one admirably adapted for a Vaccine Institute of the Character now so successfully worked by the Mysore Government, and it is obvious that the Combination of a Vaccine and Bacteriological Institute would give great facilities to the Scientific and Complete working of both, and I see no reason why, with these advantages and a good intelligent and earnest worker the Mysore Government should not have an Institution that would make a name for itself throughout India and be worthy of the Government to which it belongs.

I have the honor to be
Sir
Your most obedient Servant

Percy W Fenwick

Surgeon Lt-Colonel
Sanitary Officer

COPIES OF TESTIMONIALS

GIVEN IN FAVOR OF

M. SRINIVASA RAU,

Master of Arts of Madras University,

Bachelor of Science,

Bachelor of Medicine and Master in Surgery

OF THE

University of Edinburgh.

From The Honorable and Rev. William Miller, M.A., LL.D., C.I.E., Principal, Madras Christian College, and Member of the Legislative Council of Fort St. George.

Mr. M. Srinivasa Rau was for four years a student in this College, from which he took his Degree in 1884. I knew him particularly well, and had always a high opinion of both his ability and his character. I have occasionally seen and often heard of him since he left College; and from all I know of him, either directly or indirectly, I feel confident that he will be found highly intelligent and also steady and trustworthy in discharging any duties that may be entrusted to him.

(Sd.) WM. MILLER.

MADRAS CHRISTIAN COLLEGE,
24th November 1888.

From the Rev. Charles Cooper, M.A., Professor of Mental and Moral Philosophy, Madras Christian College.

M. Srinivasa Rau, M.A., studied in the Madras Christian College for four years (1880—83), taking his B.A. Degree in January 1884. While at College he attended my Classes of Physiology, English, Scripture and Philosophy. He was a thoroughly

satisfactory student, being exemplary in conduct, regular in attendance, and performing the work of the class with diligence and success. He bore a good character while at College, and in so far as I know anything of him he still retains it.

(Sd.) C. COOPER.

MADRAS CHRISTIAN COLLEGE,
20*th October* 1887.

From Cecil M. Barrow, Esq., M.A., formerly Principal of the Doveton Protestant College, Madras, and at present Principal, Victoria College, Palghat.

My dear Mr. Srinivasa Rau,

At the last meeting of the Committee of the Doveton College, it was resolved to discontinue the B.A. classes from the close of this year, and in consequence to dispense with your services. You will, I hope, clearly understand that this is in no way personal to yourself. Since you have been here, you have afforded me the very greatest satisfaction by the way in which you have done your work. You have been punctual in your attendance, and have worked hard with your pupils. I feel sure that a man of your ability, and with the experience you have had as a Science Lecturer, need have no fears for the future. In my letter to the Committee regarding the discontinuance of the B.A. classes, I spoke in the very highest terms of your zealous devotion to your duties.

ability, and apt to acquire knowledge. I regard him as well qualified to undertake duties in which, in addition to the usual branches of a medical education, a knowledge of Anthropology is required.

(Sd.) WILLIAM TURNER.

UNIVERSITY OF EDINBURGH,
26*th August* 1895.

as will enable him to practise it in a successful manner.

(Sd.) N. T. BREWIS.

23, RUTLAND STREET, EDINBURGH,
8th August 1895.

From Thomas Annandale, Esq., M.D., F.R.C.S., &c., Senior Surgeon to the Royal Infirmary, Regius Professor of Clinical Surgery, in the University of Edinburgh.

M. Srinivasa Rau, M.B. and C.M., has been a good student of this University. He worked diligently in the wards of our Royal Infirmary, and he is, in my opinion, qualified to practise his profession.

(Sd.) THOMAS ANNANDALE.

34, CHARLOTTE SQUARE,
EDINBURGH,
9th August 1895.

From Sir William Turner, M.B., D.Sc., D.C.L., LL.D., F.R.S., Professor of Anatomy and Anthropology in the University of Edinburgh.

Mr M. Srinivasa Rau, M.B. and C.M. of this University, was a member of my class of Anatomy for some time. He also worked under me as a student of Anthropology, and he has graduated as a Bachelor of Science and Bachelor of Medicine. Mr. S. Rau is a bright, intelligent man of good

You are always at liberty to refer to me when seeking any post, and anything I can add in your favour [illegible] the terms of this letter I shall most gladly add.

I may tell you that you will leave this Institution with the sincere goodwill of all the Professors and Masters.

Believe me,
Yours Sincerely,
(Sd.) CECIL M. BARROW,
Principal, Doveton Protestant College.

DOVETON COLLEGE,
12th November 1888.

This is to certify that Mr. M. Srinivasa Rau, M.A., was the Headmaster of the Municipal High School, Kurnool, from 17th January 1889 to 1st February 1893, both days inclusive.

(Sd.) A. VENKOBA ROW,
Chairman, Municipal Council.
KURNOOL,
1st February 1893.

Extract from Inspection Report of the High School, Kurnool, for 1889-90.

"The present Headmaster is a young Master of Arts of exceptional ability. I examined him in teaching power, and shall recommend him for an Ordinary Certificate."

(Sd.) C. NAGOJI RAU,
Inspector of Schools, Northern Circle.

GUNTOOR,
22nd August 1889.

Extract from Inspection Report of the High School, Kurnool, for 1892-93.

I have every reason to be satisfied with the condition of the School, which is fortunate enough in having such an excellent Headmaster as Mr. M. Srinivasa Rau, M.A.

(Sd.) D. C. WILLIAMS,
Ag. Inspr. of Schools, Northern Circle.

CAMP GUNTOOR,
23*rd July* 1892.

From Sir Thomas Grainger Stewart, M.D., F.R.C.P., &c., Professor of Medicine and Clinical Medicine in the University of Edinburgh.

I have much pleasure in certifying that Mr. M. S. Rau, who has passed all the examinations for the degrees of M.B. and C.M. of this University, is intimately known to me as a student and as a clinical clerk; that I entertain a very high opinion of his character and abilities, and consider him in all respects well prepared to enter upon the duties of practice.

(Sd.) T. GRAINGER STEWART.

UNIVERSITY OF EDINBURGH,
22*nd July* 1895.

From William Rutherford, Esq., M.D., F.R.C.P., F.R.S., &c., Professor of the Institutes of Medicine in the University of Edinburgh.

I have much pleasure in testifying that Mr. M. S. Rau has been a most exemplary student here. I have been gratified to observe the highly intelligent interest which he took in Physiological studies. My scientific intercourse with him has convinced me that he has superior abilities which he has used to the best advantage in the pursuit of his studies. I examined him in Physiology for the degree of B.Sc., and I found him well prepared with knowledge that was accurate and well reasoned. I cordially recommend him for some scientific position congenial to his tastes.

(Sd.) W. RUTHERFORD.

UNIVERSITY OF EDINBURGH,
5*th August* 1895

From N. T. Brewis, Esq., M.B., F.R.C.P., Lecturer in Gynæcology, Edinburgh School of Medicine.

I have pleasure in stating that Dr. M. S. Rau is well known to me, and that I entertain a high opinion of his professional acquirements. He studied Gynæcology with much earnestness and diligence during last spring, and from personal observation I am able to testify that Dr. S. Rau has attained such proficiency in this special branch of medicine

From James Geikie, Esq., D.Sc., D.C.L., LL.D., F.R.S., &c., Professor of Geology and Mineralogy and Dean of the Faculty of Science in the University of Edinburgh.

I have much pleasure in stating that Mr. Malur Srinivasa Rau attended my courses of instruction in Geology, Mineralogy and Petrology. Mr. Rau was an excellent student, highly intelligent, interested, zealous and careful in his work. He took a high place both in the systematic and practical classes. I know from my colleagues, whose courses Mr. Rau attended, that he impressed them likewise favourably. He made a very good appearance in the Examinations for the Degree of B.Sc. in Pure Science. These examinations, I may add, are all on the highest or *Honours* standard, and only really good students succeed in passing them. Mr. Rau graduated as B.Sc. in Pure Science on 27th October 1894.

In my opinion Mr. Rau is well qualified to give instruction in Geology. I have never heard him lecture, but his examination papers show that he has the power of expressing himself clearly.

(Sd.) JAMES GEIKIE.

(1/6)

To
The Senior Surgeon and Sanitary
Commissioner to the Government
of Mysore
Bangalore

Sir.

I beg to submit my application for an appointment in the medical department of the Government of Mysore.

I am a Master of Arts of the Madras University having taken that degree in Biology in 1886. From 1884 to 1887 I was studying medicine in the Madras Medical College. From 1888 to 1892 inclusive I was employed in the Educational department as Professor of Physical Science in the Doveton Protestant College Madras and as Head Master of High School Kurnool. In the Doveton Protestant College I was

lecturing to the B.A. classes on Elementary Physics and Inorganic and Organic Chemistry. I am also well acquainted with Qualitative and Quantitative Chemical Analysis.

In 1893 I went to Great Britain and after studying Medicine and Science for two years and a half in the University of Edinburgh, obtained the degrees of M.B. & Ch.B. and B.Sc. Since my return last November from England, I have been practising in Bangalore. For the degree of B.Sc. I made a special study of Physiology including experimental and advanced microscopic work. In addition to Physiology I took up Anatomy, Anthropology, Geology and Mineralogy as secondary subjects for the B.Sc. The testimonials given to me by Professors Rutherford, Sir William Turner and Cunningham will show the Scientific Work I did while in Edinburgh. With reference to purely medical subjects, I beg to state that I have specialised in Gynaecology and

have gone through a course of
Practical Elementary Bacteriology
and Practical Pathology.

I request that you will be
kind enough to recommend me
for a medical appointment
for which a Special Scientific
Knowledge is necessary. A copy
of my testimonials is enclosed.

I have the honour to be
Sir
Your most obedient Servant
M Srinivasa Rau.
